

PROJECTS UNLIMITED

INTERIOR SPECIALIST

Mission.

To improve the quality of life of the Filipino in the home and at the workplace by providing quality products and services at a cost that doesn't go beyond the limits and to provide continuing employment to the members of its corporate family.

Vision.

Projects Unlimited looks ahead to a still brighter future. It will maintain its general product structure but is constantly on the look out to introduce new trends in interior decors to the Philippine market.

Values.

- ▶ full customer support
- ▶ quality assurance
- ▶ affordability
- ▶ trendsetting designs

services.

designing and planning

Getting started on your space is sometimes the hardest part as all the different choices can become overwhelming.

Fortunately our highly talented and friendly staff can support and guide you at every step of the way.

From choosing colors and designs, to creating a layout and render of your space, we want our project with you to be exactly how you imagine it to be.

custom orders

As a local manufacturer many of our products can be customized to the requirements of our clients.

These may include the dimensions, colors, textures, and materials used in the item.

We take pride in having a large variety of choices for our clients to choose from for any type of project.

Installation and project management

Projects Unlimited has been in business for over half a century already.

In this time we made huge leaps in fully integrated our core business units from manufacturing up until installation.

Not only can we customize your interior decors to your requirements, but we can manage your project with us through our in-house installation and project management teams.

From choosing colors and designs, to creating a layout and render of your space, we want our project with you to be exactly how you imagine it to be.

why us?

We at Projects Unlimited are dedicated to achieving the highest standards of service for our clients by providing not only the best quality interior products, but also providing the highest level of support at the most reasonable prices.

Projects Unlimited Philippines Inc., is a leading provider of interior products, and a preferred supplier for many architects, interior designers, contractors and homeowners.

Projects Unlimited has been offering graceful and practical interiors for our longstanding clients and has also created long lasting impact on the field of architecture and interior design due to its introduction of several timeless interior products into the market after being in the industry since 1958.

OFFICE PARTITIONS & FURNITURE

32mm

45mm

57mm

These systems are available in three thicknesses - 32mm, 45mm, and 57mm and can be made from fabric, laminate, or glass, allowing for a range of design options.

In addition to the material options, these partition systems can also be customized with accessories such as **cable boxes**, **outlets**, and **partition storage** helping to create a more functional and organized workspace.

Cable box

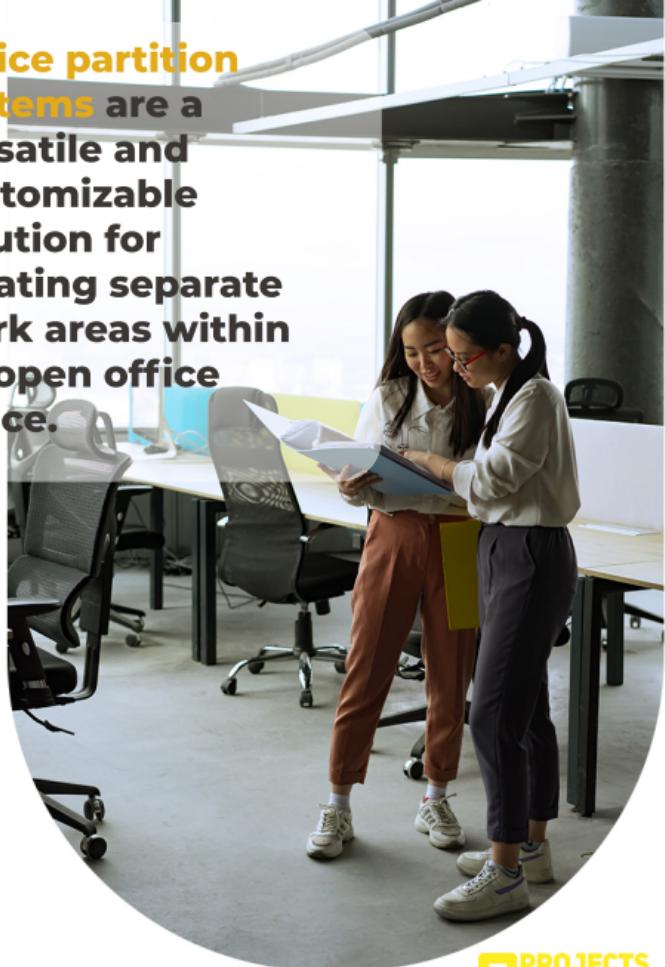

Outlets

Partition Storage

Office partition systems are a versatile and customizable solution for creating separate work areas within an open office space.

Office Chair.

We offer expertise in selecting office chairs that balance comfort, functionality, and style, including high load capacity options.

Many chairs are BIFMA and ISO certified for quality, and there are various styles, materials, colors, and price points to choose from to suit clients' needs.

Office Storage.

We offer both modern and traditional designs, with various sizes and configurations available to meet specific needs and requirements.

Our office storage solutions, including filing cabinets and mobile pedestals, provide practical and stylish options for keeping the workspace organized and functional.

Work Stations.

Our workstations come in various formats, from executive tables, open desking, or even training tables, and provide a comfortable and functional workspace for employees.

We offer different designs to suit individual preferences and requirements and encourage clients to inquire about our workstation options for a customized solution.

Cabinets.

Modular and kitchen cabinets are versatile storage solutions that can be customized to fit any space.

With the ability to create designs specific to your needs, you can optimize your storage space and keep your kitchen or other areas organized.

In addition, custom works options allow you to tailor the cabinets to your unique style and preferences. Whether you need a simple storage solution or a fully functional kitchen, modular and kitchen cabinets offer endless possibilities for your home.

Blinds.

Horizontal blinds provide a classic and timeless look to any room.

Our blinds come in a variety of materials including real wood and aluminum, offering durability and style.

For a vintage feel, we offer aluminum blinds that are no longer commonly available.

Projects Unlimited is proud to be one of the last suppliers in the Philippines to provide these unique blinds.

Noblesse blinds are a high-end and patented vertical blind style that offers the perfect balance between sheer and solid fabrics, combining the best of both worlds.

They provide maximum control of light and privacy levels while resembling curtains, making them a stylish and practical choice for any room.

Choose Noblesse blinds for a sophisticated and elegant window covering solution that offers the ultimate versatility and functionality.

Our Vertical blinds offer a versatile window covering solution available in fabric and solid PVC styles.

Fabric vertical blinds provide a soft and elegant look, while **solid PVC vertical blinds** offer durability and practicality.

Choose vertical blinds for a customizable and practical option to control light and privacy levels.

Combi blinds are a stylish and functional window covering solution that combine the benefits of blinds and curtains.

They feature two layers of fabric that can be adjusted to control light and privacy levels.

The sheer layer allows natural light to enter while still maintaining privacy, and the solid layer provides complete privacy and light blockage when fully closed.

We also offer combi blinds with blackout fabrics for maximum light control.

Roller blinds are a popular and practical window covering solution for both residential and commercial spaces.

These blinds are made of a single piece of fabric that rolls up and down on a tube, allowing you to easily adjust the amount of light and privacy in your room.

For those seeking maximum light blockage, our blackout fabrics are a perfect choice.

Alternatively, our range of Fabrics with varying degrees of light penetration offer a versatile solution to control light and privacy levels in your space.

We also offer motorized roller blinds for ultimate convenience and ease of use.

GreenGuard Certified.

Vinyl flooring & Carpets.

are all great flooring options that offer a variety of patterns, quality, and affordability.

Carpets offer warmth and comfort underfoot, and come in many textures and patterns to suit any decor style.

All three options are affordable and offer great value for your money, making them popular choices for any space.

Vinyl flooring is durable, easy to clean, and available in many different designs, from wood-look to tile-look.

Decorative wall panels are a stylish way to add **texture, color, and pattern** to your walls.

They come in different materials and can be painted to match your decor. Easy to install and maintain, they are a cost-effective way to enhance the look of any space.
